Circular No. BCS-02/25-26

Dated: 03-05-2025

Dear Parents and Students,

Greetings from Bethany Convent School!

We are happy to share that the new academic session has begun smoothly and positively. The students have settled in well, and the teaching-learning process is progressing with enthusiasm and dedication. We sincerely thank you for your continued cooperation and support in making this possible.

This is to inform you that **Unit Test I** is scheduled to begin from **12th May 2025**. The detailed timetable is attached and also will be shared shortly through the school ERP and website. These assessments are an integral part of academic evaluation and help in understanding each child's progress and grasp of the concepts taught.

As we journey together in nurturing and educating our children, we would like to take this opportunity to encourage **positive parenting practices** at home. Your involvement plays a significant role in shaping your child's academic and personal growth. A few suggestions to keep in mind:

- **Be a patient listener:** Give your child your time and attention, listen to their daily experiences and feelings.
- **Encourage rather than criticize:** Focus on their efforts, not just results. Every child progresses at their own pace.
- **Model the values you wish to see:** Children learn best by observing. Display honesty, kindness, responsibility, and respect in your daily actions.
- **Create a study-friendly environment:** Ensure your child has a quiet, well-lit space and a routine that includes time for study, play, and rest.
- **Limit screen time and promote reading:** Inspire curiosity and love for learning beyond the classroom.

Let us work hand in hand to instil the **right values** and a spirit of discipline, hard work, and empathy in our children. These formative years are crucial, and the values imparted now will lay the foundation for their future.

We look forward to your support during the Unit Test period and beyond. Together, let us continue to build a caring, value-based, and academically enriching environment for our students.

Wishing all our children the very best for the upcoming Unit Test I.
